# kaleb wendwessen

Full stack developer | Project manager  
Addis Ababa, Ethiopia

## Summary

I am Kaleb Wendwessen, a dedicated full-stack developer with a passion for the entire website creation process. I am drawn to full-stack development because it allows me to design and develop projects from inception to completion. I am known for my meticulous attention to detail and disciplined work ethic, which ensures that I consistently meet deadlines and produce high-quality work.
